To Whom It May Concern:

As the owner of Sky Books, I have contracted Rick Smith to do several different jobs, all of which he has performed in a timely, efficient, and aesthetic manner. This work has included our website which can be viewed at [skybooksusa.com](http://skybooksusa.com). We have also hired him to do book covers and different artistic renderings. He is versatile with computers and fine art as well.

I have known Rick Smith since he was in school, and he acts in a friendly and responsible manner. In my opinion, he would be a good hire on either a specific job or as a regular employee.

Sincerely,

Vince Barbarick
